**RECOMMENDED, BUT NOT REQUIRED:** Because of the numerous technology related tools and applications available to enhance classroom instruction and student learning, having a tablet such as an iPad, Chromebook, etc. or a small laptop provides students with advantages for the classroom and for home study. It can enhance efficiency in writing, research, notetaking and increase student engagement by providing immediate access to the online resources provided with our textbooks as well as classroom instructional tools such as Quizlet, Socrative Teacher, Nearpod, etc. To insure the technology is utilized effectively and to protect time on task, installation of the school's monitoring software will be required before the technology device may be used at school.
