

Snapology Summer Camps 2018

Gamebots Robotics | Ages 7 – 14 | June 18 – 22 | 9:00AM – 12:00PM | \$175

Calling all gamers! Have a blast creating robotic games each week while learning about robotics. Students will learn about gear ratio, sensors, programming, and pulleys as they create fun to play games. Whether creating a robotic hockey player or a ring toss, your child is sure to have fun building, learning, and playing.

Drone Commanders | Ages 9 – 14 | July 16 – 20 | 9:00AM – 12:00PM | \$175

In Snapology's Drone Commander Class, students will be introduced to the world of Unmanned Aerial Vehicles (UAVs) and develop a deep understanding how to control and manage this emerging technology. Students will learn about the history and different types of UAVs, the mechanical components of UAV technology, flight controls, basic drone safety, and a variety of flying maneuvers. This exciting class will give students the chance to build a drone and safely test out some of the newest advances in aerial flight in order to take their knowledge of engineering to new heights!
